ABC PAVING INC.

BRIEF WEATHER DISCUSSION:

THE HEAT AND HUMIDITY HAS RETURNED TO OUR AREA THE NEXT COUPLE OF DAYS. OVERALL, EXPECT A DECENT BUT HOT AND MUGGY WORK DAY. THE THREAT FOR WIDESPREAD STORMS THROUGH THE AFTERNOON IS LOW AS THE HEAVIER STORMS PASS SOUTH. HOWEVER, WITH THIS UNSTABLE AND MOIST AIR MASS, A COUPLE POP SHOWERS AND/OR A SLOW MOVING THUNDERSTORM CAN NOT BE RULED OUT. A COLD FRONT WILL BRING BETTER POTENTIAL OF GUSTY STORMS THIS EVENING AND AGAIN LATE TOMORROW FOLLOWED BY A MORE COMFORTABLE AIR MASS FOR FRIDAY AND THE WEEKEND.

THREATS THROUGH TONIGHT		
TOTAL PRECIP	FLOOD POTENTIAL	SEVERE WEATHER
0.20 – 0.40 +	Ponding in a slow moving t-storm	None
